Hiring Manager
Beyond Social Strategy
456 7th Street
Santa Monica, CA 32109

Dear Kerstin Mark,

I am writing to express my interest in the Web Developer position at Beyond Social Strategy. With a Bachelor of Science in Computer Science from Glennwood University and experience as a full-stack and front-end web developer, I have developed strong skills in building responsive, user-friendly websites and scalable web applications. My experience includes working at Proseware, Inc. and Adantum Corporation, where I developed and maintained websites, optimized performance, and implemented custom CMS solutions to enhance user engagement.

I am proficient in a range of programming languages and modern web development frameworks, enabling me to deliver high-quality, secure web applications. I am excited about the opportunity to contribute to your dynamic team and to utilize my technical and creative skills to develop innovative websites that meet and exceed user expectations.

Thank you for considering my application. I look forward to discussing how my skills and experience align with the goals of Beyond Social Strategy.

Sincerely,
Gilbert Lacroix
